

Dear _____,

I have a secret to share with you! Not all of Santa's toys come from the workshop. Some of them are toys that kids don't use or need anymore. It would really help Santa out if you could help this year by giving away some of the toys you don't want or need.

It's easy! All you have to do is leave a bag of toys next to me, and I'll take them back to the North Pole tonight when I go.

Thank you for
your help!

Love,
